Equity Capital Markets

Overview

We are at the forefront of Singapore's equity capital markets, offering insight and expertise on high impact initial public offerings (IPOs), rights issues and follow-on offerings across Singapore Exchange (SGX) Mainboard and Catalist listings, REIT and business trust offerings, as well as cross-border listings on the New York Stock Exchange, NASDAQ, the Main Board and GEM of the Hong Kong Stock Exchange and the major PRC stock exchanges.

Recognised by many directories for our technical excellence and innovation, we are trusted by issuers, underwriters, arrangers, trustees and financial institutions to deliver practical and commercial solutions that drive successful capital raisings.

For more than three decades, our team has advised on a substantial number of IPOs and secondary offerings as counsel to issuers, underwriters, trustees and sponsors, and in many of Singapore's landmark or first-of-their-kind transactions across diverse industries and sectors. Among Singapore's most experienced Real Estate Investment Trusts (REITs) advisors, we have been involved in nearly all local REIT listings and their ongoing capital market activities.

Our ECM Practice advises on the full spectrum of equity and equity-linked instruments including:

- IPOs and Secondary Listings
- Rights issues, secondary offerings and private placements
- Capital reorganisations and reductions
- Equity-linked instruments including convertible bonds
- Continuous post-listing compliance and corporate advisory work
